OBJECTIVE

Computer Science Engineering student with hands-on experience in web application development. Proficient in Java, Python, and modern web technologies, with practical exposure to MERN and PHP–MySQL applications. Eager to apply problem-solving skills and learn industry-level software development practices.

SKILLS AND INTERESTS

Programming Languages	Java, Python
Frontend Technologies	HTML5, CSS3, JS
Database	MySQL
Version Control System	Git, GitHub
Soft Skills	Critical thinking, Data-driven decision making, Project ownership

EDUCATION

SIMATS ENGINEERING - Chennai, Tamil Nadu, India Bachelor of Engineering in Computer Science (B.E in CS) - CGPA:8.5	Aug 2022 - Present
Narayana Junior College - Vijaywada, Andhra Pradesh, India - Intermediate in MPC - Marks:874/1000 (8.7)	May 2022
City Central School - Kodad, Telangana, India - SSC - GPA:10/10	May 2020

CERTIFICATIONS

- Oracle Certified in Java Foundation
- IBM Certified in SQL and Relational Databases 101
- Oracle Cloud Database Services 2025 Certified Professional

PROJECTS

BugCrew - Bug Tracking System bugcrew.vercel.app - Developed a web-based bug tracking system using the MERN stack, supporting role-based access for users and admins. Implemented CRUD operations, authentication, and basic workflow management to track and resolve issues efficiently. - Worked on API integration, debugging, and performance optimization, improving response time and application stability.	Aug 2025 - Sep 2025
Xceltics - Excel Analytics Platform xceltics.vercel.app - Created interactive dashboards and charts to visualize structured data and generate insights. Gained hands-on experience in REST APIs, database handling, and end-to-end application flow.Implemented user authentication (JWT), secure file handling, and data processing using backend APIs. Tech: React, Node.js, Express, MongoDB, Chart.js, JWT	May 2025 - July 2025
CarRento - Car Rental Website - Built a responsive car rental management system with vehicle listings, booking functionality, and user authentication. Performed form validation, session handling, and CRUD operations to ensure secure and reliable data flow. Focused on clean UI, database design, and backend integration. Tech: HTML, CSS, JavaScript, PHP, MySQL	Nov 2024 - Jan 2024

HOBBIES AND INTEREST

- Reading technology and product development blogs
- Listening to technology and career-focused podcasts to stay updated with industry trends
